

29 December 2010

Dear Sir or Madam

PhD Studentships – Ruminant Sector

I am writing to advise you that applications are now being sought for the ruminant sector PhD studentship programme for projects starting in October 2011. The invitation is issued on behalf of the joint levy bodies EBLEX, HCC and QMS who provide the funding for the awards.

More details of the programme and application procedures are given in the enclosed notes. I am also attaching a summary of the research priorities identified by the joint levy bodies for your guidance but if you have a particular project you think merits our attention please feel free to submit it.

The invitation is open to all UK universities, colleges and research institutes and we look forward to receiving your project proposals shortly. The deadline for submission is Friday, 4 February 2011.

We plan to inform all applicants of the results of the selection process by the end of April 2011.

If you need any further information please do not hesitate to contact me.

Yours sincerely

A handwritten signature in cursive script that reads "Karen Morris".
